The Company will pay the cost of solicitation of the proxies. In addition to solicitation by mail, proxies may be solicited personally or by telephone or e-mail by directors, officers and employees of the Company, and arrangements may be made with brokerage houses or other custodians, nominees and fiduciaries to send proxies and proxy material to their principals. Compensation and expenses of any such firms, which are not expected to exceed \$1,000, will be borne by the Company.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

At the close of business on March 30, 2012, the record date of those entitled to receive notice of and to vote at the Annual Meeting, the Company had outstanding **4,217,596** shares of common stock, \$0.10 par value per share ("Common Stock"). The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock on the record date is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Each share of Common Stock is entitled to one vote on all issues requiring a shareholder vote at the Annual Meeting. Shareholders may not cumulate their votes for the election of directors. Directors shall be elected by a plurality of the votes of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Withhold authority will have the effect of a vote cast "AGAINST" Item 1. Broker non-votes will not be counted in the tabulations of the votes cast on Item 1 and will have no effect on the outcome of the vote.

All shares represented by properly executed or submitted proxies, unless previously revoked, will be voted at the Annual Meeting in accordance with the directions on the proxies. If no direction is indicated, the shares will be voted **FOR** the election as directors of the nominees listed herein, and in the discretion of the persons named in the proxy in connection with any other business that may properly come before the Annual Meeting. The enclosed proxy, even though executed and returned, may nevertheless be revoked at any time before it is voted by the subsequent execution and submission of a revised proxy, by written notice of revocation to the Secretary of the Company at the address set forth above or by voting in person at the Annual Meeting. However, simply attending the Annual Meeting and not voting will not revoke a proxy.

APPROVAL OF NOMINEES FOR DIRECTOR—ITEM 1

ELECTION OF DIRECTORS

The persons named as proxy holders in the enclosed proxy have been selected by the Board of Directors to serve as proxies and will vote the shares represented by valid proxies at the Annual Meeting and any adjournments thereof. They have indicated that, unless otherwise specified in the proxy, they intend to vote for the election as director each of the persons named as a nominee listed below under "Nominees for Director" unless authority to vote in the election of directors is withheld on each proxy. Each nominee is currently a member of the Board of Directors. Each duly elected director will hold office until the 2013 Annual Meeting of Shareholders or until his successor shall have been elected and qualified. Although the Board of Directors of the Company does not contemplate that a nominee will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed proxy will vote for the election of such other person as may be nominated by the Board of Directors. Proxies cannot be voted in the election of directors for more than five persons, as that is the number of nominees named herein.

The Board of Directors unanimously recommends a vote FOR the election of the nominees listed below.

For each of the Company's directors, the following table sets forth their names, ages, principal occupations, other directorships of public companies held by them and length of continuous service as a director. Any directorship of public companies held by the nominees within the last five years is also presented below.

<u>Nominee and Age</u>	<u>Principal Occupation and Directorship</u>	<u>Director Since</u>
K. S. Adams, Jr. (89)	Chairman of the Board and Chief Executive Officer of the Company	1973
E. C. Reinauer, Jr. (76)	Retired--Former International Project Manager	1973
Frank T. Webster (63)	President and Chief Operating Officer of the Company	2004
Larry E. Bell (64)	Risk Manager--HollyFrontier Corporation	2006
Townes G. Pressler (76)	President and Owner--Pressler Petroleum Consultants, Inc.	2011

All of the directors other than Mr. Adams own less than one percent of the class of shares outstanding. All of the directors have been engaged in the principal occupations indicated above for the last five years except Mr. Reinauer who retired in January 2010 from his previous position as International Project Manager with Development Alternatives, Inc. Mr. Pressler was appointed to the Board in October 2011 following the retirement of Mr. E. Jack Webster, Jr. (91) for personal health reasons. Mr. Pressler has been the President and Owner of Pressler Petroleum Consultants, Inc. Houston, Texas since 1985. As beneficial owner of 49.3 percent of the Company's common stock and founder of the Company, Mr. Adams has determined that the shareholders are best served by him holding the combined positions of Chairman and Chief Executive Officer. No lead independent director has been designated.

Independence

The Company's Board of Directors is comprised of a majority of independent directors as defined under NYSE Amex listing standards. There are no family relationships among any of the directors or executive officers of the Company. The directors determined by the Board to be independent are Mr. Reinauer, Mr. Bell, and Mr. Pressler. The Board has determined that none of the designated independent directors has any relationship that, under NYSE Amex rules, would preclude their service on any of the standing committees of the Board. In making its determination, the Board considered transactions and relationships between each director or his immediate family and the Company and its subsidiaries, including those reported under "Compensation Committee Interlocks and Insider Participation" and "Transactions with Related Persons" below. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. In addition, the Board requires each of its members and each of the director nominees to disclose in an annual questionnaire any relationship they or their family members may have with the Company, its subsidiaries, its independent accountants, directors and officers within the past five years. The Board considers any such relationship in making its determination. Mr. Adams and Mr. Frank T. Webster are considered inside directors because of their employment with the Company.

Meetings and Committees of the Board

In 2011, the Board met four times and all directors attended at least 75% of the meetings of the Board and the committees on which they served for the period in which they held office. It is the Company's policy that all persons nominated for election to the Board at the time of the annual meeting be present at such meeting. All directors except Mr. Pressler, who was not a director at the time, attended the 2011 annual meeting. The Board has three standing committees – the Audit Committee, the Compensation Committee and the Nominating Committee.

Committees of the Board	Summary of Responsibilities	Committee Members	Meetings in 2011
Audit	Retains independent registered public accounting firm and pre-approves their services. Reviews and approves financial statements and internal controls.	Reinauer, Jr.* Bell** Pressler.	Six
Compensation	Evaluates the performance of the Chief Executive Officer and establishes the compensation of the Chief Executive Officer and other executive officers.	Reinauer, Jr.* Bell Pressler.	One
Nominating	Identifies, considers and recommends to the Board nominees for directors.	Reinauer, Jr.* Bell Pressler	Two

* Indicates Committee chair

** Mr. Bell is an independent director and is the Company's designated Audit Committee financial expert under Item 407(d)(5) of Regulation S-K.

The responsibilities of the Audit Committee, Compensation Committee and Nominating Committee are described in each of the committees' respective charters, which were adopted by the respective committees and the Board. These committee charters are available on the Company's website at www.adamsresources.com, under Governance. Copies may also be obtained by writing to Investor Relations, Adams Resources & Energy, Inc., 17 South Briar Hollow Lane, Suite 100, Houston, Texas 77027.

Nomination Policy

The Nominating Committee of the Board of Directors consists of current members Messrs. Reinauer, Bell and Pressler. Each of the members of the Nominating Committee is independent, as defined in Section 121A of the listing standards of the NYSE Amex.

The Nominating Committee identifies and recommends to the Board nominees for directors to be considered at the annual meeting of shareholders or to serve as replacements in the event of a vacancy on the Board. The Committee would also consider nominees submitted by shareholders to the Secretary of the Company if submitted in accordance with the procedures set forth in the Company's Bylaws. You may obtain a copy of the Bylaws by writing to Adams Resources & Energy, Inc., 17 South Briar Hollow Lane, Suite 101, Houston Texas 77027, Attention: Corporate Secretary, David Hurst. The Company's Bylaws can also be found on the Company's website at www.adamsresources.com, under Governance.

In identifying and evaluating candidates for nomination to the Board, the Nominating Committee considers several factors, including education, experience, knowledge, expertise, independence and availability to effectively carry out the duties of a Board member. The qualifications and backgrounds of prospective candidates are reviewed in the context of the current composition of the Board to ensure the Board maintains the proper balance of knowledge and experience to effectively manage the Company's business for the long-term interests of the shareholders. The Nominating Committee initially identifies candidates for nomination through its and management's general industry contacts. It has not been the practice of the Nominating Committee to consider for nomination any specific director candidates recommended by shareholders as no such request has ever occurred. The Nominating Committee will review its policy position if such a request is received. Shareholders may communicate with the Board of Directors as described herein below.

The Nominating Committee views diversity expansively and considers, among other things, functional areas of business and financial expertise, educational and professional background, and those competencies that it deems appropriate to develop a cohesive board such as ethics, integrity, values, practical wisdom, mature judgment and the ability of the candidate to represent the interests of all shareholders and not those of a special interest group. Specifically with respect to the experience and qualifications of each of the persons nominated to serve on the Board of Directors, the Nominating Committee considered the following information to conclude that each such nominee should serve as a director of the Company. Mr. Adams is the founder of the Company and his industry experience dates back to 1947 with the predecessor entities of the Company. Mr. Reinauer was elected to the Company's Board at the time of the initial public offering in 1973. He possesses extensive knowledge of the Company's history and has had direct management oversight in a variety of international projects throughout the world. Mr. Pressler has previously served as President of several independent oil and gas exploration entities and is a Registered Professional Engineer with extensive experience in evaluating oil and gas property interests. Mr. Webster has been associated with the Company in various capacities dating back to 1985 when he provided corporate banking services to the Company with specialization in the oil and gas industry. Mr. Bell has extensive industry and risk management experience. His area of expertise includes commodity pricing risks, accounting and reporting internal controls as well as traditional property and casualty exposure management. Messrs. Bell, Reinauer, and Webster also have extensive securities experience with each of them previously holding a NASD Series 7 Registered Representative Securities License. Messrs Adams, Reinauer, Webster and Bell have previously stood for election to the Board of Directors.

During 2011, the retirement of E. Jack Webster, Jr. created a need for the remaining Board members to appoint a successor. With oil and gas exploration and production being the Company's recent and current investment focus, the Nominating Committee thought it important to select a candidate with technical knowledge in the area. This is a narrow field of talent that was primarily groomed in the period before the oil and gas industry downturn of the early 1980's. Mr. Pressler is a Registered Professional Engineer experienced as an independent evaluator of oil and gas properties. The Board believes he has unique skills and is a valued addition.

In connection with the Annual Meeting, the Nominating Committee has recommended the Directors listed in this proxy.

Communications with the Board

Any shareholder may communicate with the Board, a committee of the Board or any individual director by sending written communication to them addressed to the Board of Directors of Adams Resources & Energy, Inc., a committee or such individual director or directors, 17 South Briar Hollow Lane, Suite 100, Houston, Texas 77027, Attention: Investor Relations Manager. All communications will be forwarded to the Board, a committee of the Board Committee or such individual director or directors in accordance with the request of the shareholder.

Board's Role in Risk Oversight

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic risks. The Audit Committee is responsible for oversight of risks relating to the Company's accounting matters, financial reporting and legal and regulatory compliance. To satisfy these oversight responsibilities, the Audit Committee meets regularly with management, the Company's internal auditor and independent registered public accounting firm. The Compensation Committee is responsible for overseeing risks relating to employment policies and the Company's policies on structuring compensation programs. To satisfy these oversight responsibilities, the Compensation Committee meets regularly with management to understand the implications of compensation decisions, particularly the risks the Company's compensation policies pose to the Company's finances, human resources and shareholders.

Potential Payments upon Termination or Change in Control

Employment Agreements

Mr. Frank T. Webster entered into an employment agreement with the Company in May 2004. The agreement has been amended on various dates and currently the termination date is extended to May 13, 2015 with all other terms remaining as described herein. Currently, Mr. Webster serves as President and Chief Operating Officer of the Company and receives \$145,185 for the period from January 1, 2012 through May 13, 2012. Effective May 14, 2012, Mr. Webster will receive \$396,550 as base annual salary through May 13, 2015. Mr. Webster is eligible to participate in any leave, insurance and other employee benefit plans of the Company that may be in effect from time to time for management-level employees. In addition, he is eligible to earn annual performance bonuses at the sole discretion of the Board of Directors and separately the Compensation Committee and the recommendation of the Chairman of the Board. In the event Mr. Webster's employment is terminated due to his death, his estate will be entitled to receive: (i) any earned and unpaid salary accrued through the date of his death; (ii) any benefits due to applicable plans and programs of the Company; and (iii) if applicable, any benefits due under or pursuant to workers' compensation. In the event Mr. Webster becomes disabled to the extent that he is unable to perform his duties and responsibilities under his employment agreement and such disability continues for a period of 90 days or an aggregate of 120 days during any calendar year, the Company will have the right to terminate the employment agreement upon 10 days' prior written notice. In the event Mr. Webster's employment is terminated due to his disability, Mr. Webster will be entitled to receive: (i) any earned and unpaid salary accrued through the date of termination; (ii) any benefits due to applicable plans and programs of the Company; and (iii) any benefits available to him pursuant to applicable law. In the event Mr. Webster is terminated for Cause (as defined) he will be entitled to receive: (i) any earned and unpaid salary accrued through the date of termination of his employment; (ii) any benefits due to applicable plans and programs of the Company; and (iii) any benefits available to him pursuant to applicable law. In the event Mr. Webster voluntarily resigns, he will be entitled to receive only any earned and unpaid salary accrued through the actual date of acceptance of his resignation by the Board of Directors. In the event Mr. Webster's employment is terminated without Cause, he will be entitled to receive the balance of his salary due under the employment agreement in a lump sum within 30 days from the termination date. If there is a Change of Control of the Company (as defined) and as a result of such Change of Control, Mr. Webster's employment agreement is terminated, then he will receive the greater of: (i) the remaining salary due to him under his employment agreement or (ii) a sum equal to \$385,000 less applicable withholdings and deductions. Mr. Webster is also eligible for three years of uninterrupted participation in the Company's or its successors medical and dental plans provided Mr. Webster pays for such plans at the then prevailing employee rate. Mr. Webster's original employment agreement was scheduled to terminate May 13, 2007. Based upon a hypothetical termination date of December 31, 2011, the severance benefits for Mr. Webster would have been as follows:

Termination due to change of control	Termination due to death or disability	Termination for cause or Voluntary resignation	Termination without Cause
\$1,342,460	\$7,625	\$7,625	\$1,342,460

For purposes of Mr. Webster's agreement, "Cause" means that Mr. Webster: (i) has committed a criminal violation involving dishonesty, fraud, breach of trust or any felony crime; (ii) engages in misconduct in the performance of his duties or responsibilities which materially injures the Company or any subsidiary or affiliate or that exposes the Company to public ridicule; (iii) fails in his duty to cause the Company or any subsidiary to comply with and conform to applicable law in a timely fashion; (iv) uses, sells or distributes illegal or controlled substances; (v) violates material policies or procedures of the Company, which violation results in material harm to the Company; (vi) violates any material provision of his employment agreement; (vii) fails or refuses to conform to or execute the policies or directives of the Board of Directors of the Company; (viii) misappropriates any material business opportunity of the Company; or (ix) engages in any personal misconduct which reflects unfavorably on the Company, brings the Company into public disrespect or exposes the Company to public ridicule.

The Company entered into a Change of Control and Severance Agreement with its Chief Financial Officer, Richard B. Abshire, and its Chief Accounting Officer, Sharon C. Davis on July 25, 2008 and September 20, 2008, respectively. The agreements, as amended, will terminate on July 24, 2014 and September 19, 2014, respectively, if a Change of Control (as defined) has not occurred on or before that date. The agreements provide that, if Mr. Abshire's or Ms. Davis's employment is terminated within 12 months following a Change in Control, by any event other than (i) by the Company for Cause (as defined), (ii) by reason of death or disability, or (iii) by Mr. Abshire's or Ms. Davis's initiative absent Good Reason (as defined), then the Company will pay Mr. Abshire or Ms. Davis, as applicable, a lump sum severance payment, in cash, equal to two times their respective highest base salary (i.e., annualized regular earning excluding any bonus) as in effect during the three-year period ending the last day of the month immediately prior to the month in which the termination occurs. Based on a hypothetical termination date of December 31, 2011, the severance benefits for each of Mr. Abshire and Ms. Davis under the provisions of their respective Change of Control and Severance Agreement would have been \$462,000 and \$350,000, respectively.

For purposes of the Change of Control/Severance Agreements described herein, Cause means (i) with certain exception, the employee's willful and continued failure to substantially perform his or her duties with the Company after a written notice from the Board, or (ii) the employee's willful engagement in conduct that is demonstrably and materially injurious to the Company, monetarily or otherwise. Mr. Abshire and Ms. Davis will be deemed to have Good Reason if (i) there is a material reduction or adverse alteration in his or her authority, duties or responsibilities, (ii) there is a material diminution in his or her base salary, or (iii) he or she is asked to relocate more than 50 miles from the Company's current headquarters.

For purposes of Mr. Webster's employment agreement and the Change of Control/Severance Agreements described herein, a Change of Control shall be deemed to have occurred if KSA Industries, Inc., K. S. Adams, Jr., and his children and grandchildren own less than 20% of the Company's Common Stock.

COMPENSATION, DISCUSSION AND ANALYSIS

The Company's executive compensation policies are designed to provide aggregate compensation opportunities for its executive officers that are competitive in the business marketplace and that are based upon Company and individual performance. The Company does not engage outside compensation consultants.

Compensation Philosophy

The Company's compensation philosophy has the following objectives and executive compensation levels are determined in consideration thereof:

- Establish and maintain a level of compensation that is competitive within the Company's industry.
- Provide an incentive mechanism for favorable results.
- Provide a level of executive compensation that is consistent with the level of compensation for non-executive personnel.
- Maintain a compensation system that is consistent with the objectives of sound corporate governance.

Design of Reward

Together with the need to retain its executive officers, the Company's compensation program is designed to reward and create an incentive for the executive officers provided the Company's overall financial condition and liquidity is sound. Executive compensation as a reward is generally considered as a group rather than an individual achievement. This approach fosters a team approach to management.

It is the policy of the Company to pay all forms of compensation in cash. This is believed to be the simplest, most readily understood approach and does not expose the Company to potential future diminution of corporate value. This policy also removes any issues regarding accounting and the tax deductibility of executive compensation.

Elements of Compensation

The Company's executive compensation program is comprised of the following elements:

- Base salary
- Discretionary bonus
- Benefits

The Company utilizes these three elements of executive compensation because these elements are believed to be the minimum required in order to retain its executive officer group. Compensation decisions are made solely by the Company's Compensation Committee without the use of compensation consultants. Base salaries are initially determined based on negotiations at the time the executive joins the Company. In subsequent years, such levels may be adjusted based on current competitive conditions. Discretionary bonuses are used as an incentive for favorable results. The discretionary bonus may also serve as a supplement to base salary levels, while allowing the Board to avoid such expense during a year when earnings do not meet expectations. A pre-defined formula bonus system is not utilized. This is because the discretionary approach is believed to better align management with the long-term interest of the Company rather than toward a set short-term formula target.

The determination of a discretionary bonus generally originates with a recommendation from executive officers based on the Company's compensation philosophy. An important consideration for the recommended amount is the level of salaries and bonuses paid to the Company's non-executive employees. The Company has a diverse group of non-executive employees with levels of compensation consistent with industry practices and varying responsibilities. Recommended bonus amounts are consistent with the bonus amounts and concepts applied to non-executive employees. The Compensation Committee retains final approval authority over such recommended amounts. Discretionary bonuses may be awarded intermittently during the year as warranted by current results. Such amounts are expensed as incurred. Discretionary bonuses are anticipated to increase or decrease with the prevailing trend for consolidated net earnings.

The Company also provides employee benefits, primarily consisting of a 401(k) Plan (discussed below) and an employer sponsored medical plan. The benefits provided to the executive officer group are no different than those offered to non-executive employees. The Company does not provide stock options or other common stock incentives. The Company does not offer a defined benefit pension plan.

Perquisites

The Company provides the following:

- Club Dues Reimbursement
- Life and Disability Insurance Premiums
- Automobile Allowance

Club dues reimbursements and automobile allowances are paid to the executive officers consistent with the payment of such amounts to non-executive employees. The requirement to pay such amounts is negotiated with the executive at the time of their initial employment. Life and disability insurance premiums are paid on behalf of the executives consistent with the payment of such insurance premiums for non-executive employees.

Perquisite amounts are not considered annual salary for bonus purposes.

401(k) Plan

Consistent with the Company's desire to provide financial security in retirement, the Company offers a 401(k) plan to its employees, including its executive officers. As described in footnote (1) to the Summary Compensation Table, the Company makes a matching contribution to the plan. In 2011, the Company matched 100% of employee contributions up to 3% of compensation and matched 50% of employee contributions from 3% to 5% of compensation, subject to the current annual limit of \$10,000. This policy conforms to the Internal Revenue Service allowed safe harbor rules for matching contributions.

Employment and Severance Agreements

The Company has an employment agreement with Mr. Webster. His agreement expires on May 13, 2015. The agreement contains no automatic extensions. Mr. Webster's employment agreement contains conditions of employment and entitles him to participate in the Company's leave, insurance and other employee benefit plans that may be in effect from time to time for management-level employees of the Company. Mr. Webster's employment agreement also provides for severance payments in certain cases of termination. For additional information concerning Mr. Webster's employment agreement, see "Potential Payments upon Termination or Change in Control — Employment Agreements" above.

The Company has a Change of Control and Severance Agreement with Mr. Abshire and Ms. Davis. These agreements expire in 2014. For additional information concerning such agreements, see “Potential Payments upon Termination or Change in Control – Employment Agreements” above.

Chairman and Chief Executive Officer Compensation

Mr. Adams’ base salary, discretionary bonus and benefits for each of the past three years are presented in the Summary Compensation Table above. The methodology for establishing such levels of compensation is consistent with the methodology utilized for other executive officers. As the major shareholder of the Company, Mr. Adams is acutely aware of the need to balance the goal of reinvesting available cash flow to build the Company’s equity base with the need to attract and retain key employees.

Internal Revenue Code 162(m) Considerations

Section 162(m) of the Internal Revenue Code, as amended, limits a company’s ability to deduct compensation paid in excess of \$1 million to the Chief Executive Officer and the next four highest paid officers in any year, unless the compensation meets certain performance requirements. The Company has no officers receiving compensation in excess of \$1 million.

Compensation and Risk

In order to establish and maintain profitability, the Company becomes exposed to risk. The most significant areas of risk involve commodity price risk, customer credit risk, safety and security concerns and oil and gas exploration investment risk. Compensation policies for all employees are designed to promote the provision of management safeguards against risk and not incentivize excessive risk-taking. Compensation policies toward this aim include the following:

- A simple compensation structure that constitutes cash payments only;
- Generally short-term contractual obligations with actual results fixed and determinable prior to the payment of employee bonuses;
- Awareness by all employees of the inherent risks associated with their respective activities and the knowledge that base salaries and discretionary bonuses are based, in part, on the employee’s risk avoidance abilities; and
- A segregated internal reporting structure that puts the employees charged with managing and reporting risk on a separate reporting track from those employees committing the Company to contractual obligations, thereby providing independent monitoring of risk mitigation practices and procedures.

Management has concluded that the Company’s compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

REPORT OF COMPENSATION COMMITTEE

April 2, 2012

To the Board of Directors:

The following report of the Compensation Committee of the Board of Directors shall not be deemed to be “soliciting material” or to be “filed” with the SEC or subject to the SEC’s proxy rules, except for the required disclosure in this Proxy Statement, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that the Company specifically incorporates by reference into any filing made by the Company under the Securities Act of 1933, as amended (the “Securities Act”) or the Exchange Act.

The Compensation Committee of the Board of Directors consists of Messrs. Reinauer, Bell, and Pressler. The duties and responsibilities of the Compensation Committee are set forth in a written charter adopted by the Board of Directors and such charter is available on the Company’s website at www.adamsresources.com, under Governance. Each of the members of the Compensation Committee is independent, as defined in Section 121A of the listing standards of the NYSE Amex Exchange.

We have reviewed and discussed with management the Company’s above Compensation Discussion and Analysis (“CD&A”) and based on our review and discussions with management, we recommended to the Board of Directors that the CD&A be included in this Proxy Statement and the Company’s Annual Report on Form 10-K for the year ended December 31, 2011.

APPROVAL OF EXECUTIVE COMPENSATION – ITEM 2

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010 (the “Dodd-Frank Act”), the shareholders of the Company are entitled to vote at the Annual Meeting to approve the compensation of the Company’s named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K under the Securities Act and the Exchange Act. Pursuant to the Dodd-Frank Act, the shareholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or the Board of Directors.

Although the vote is non-binding, the Compensation Committee and the Board of Directors value the opinions of the shareholders and will consider the outcome of the vote when making future compensation decisions.

As described more fully in the Compensation Discussion and Analysis section of this Proxy Statement, the Company’s executive compensation program is designed to provide aggregate compensation opportunities for its executive officers that are both competitive in the business marketplace and are based upon Company and individual performance. The Company’s policy is to pay all forms of compensation in cash; this being the simplest method and does not expose the Company to potential future diminution of corporate value.

The advisory vote regarding the compensation of the named executive officers described in this Item 2 shall be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions and broker non-votes will not be counted as either votes cast for or against the proposal.

If no voting specification is made on a properly returned or voted proxy card, Messrs. Adams and Webster (proxies named on the proxy card) will vote FOR the approval of the compensation of the named executive officers as disclosed in this Proxy Statement and described in this Item 2.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO ITEM 402 OF REGULATION S-K UNDER THE SECURITIES ACT AND THE EXCHANGE ACT.

SHAREHOLDER PROPOSAL REGARDING BOARD REPRESENTATION – ITEM 3

Margareth Crosnier de Bellaistre, Director of Investment Management and Banking, The Domestic and Foreign Missionary Society of the Protestant Episcopal Church in the United States of America, represents that the Episcopal Church held at least \$2,000 in Adams Resources & Energy, Inc. shares for the past year and will hold at least \$2,000 in such shares through the 2012 annual meeting, and submits the following proposal for consideration by the shareholders of Adams Resources & Energy, Inc. at the annual meeting herein.

Shareholder Proposal

“Whereas:

Adams Resources and Energy currently has a distinguished board of five persons, all of whom are white males;

We believe that our Board should take every reasonable step to ensure that women and persons from minority racial groups are in the pool from which board nominees are chosen; therefore be it

RESOLVED that the shareholders request the Board:

1. In connection with its search for suitable Board candidates to ensure that women and persons from minority racial groups are among those it considers for nomination to the Board.
2. To publicly commit itself to a policy of board inclusiveness, including steps to be taken and a timeline for implementing that policy.
3. To report to shareholders, at reasonable expense, by September 2012:
 - a. On its efforts to encourage diversified representation on the board.
 - b. Whether, in the nominating committee’s charter or its procedures, diversity is included as a criterion in selecting the total membership of the Board. “

Shareholder Supporting Statement

We urge the Board to enlarge its search for qualified members by casting a wider net.

Response of the Board of Directors

In the selection of candidates for Board membership, the Board seeks to select and recommend to the Company’s shareholders the best qualified persons based upon their individual talents, experience and abilities without regard to race, religion, national origin or gender. In identifying candidates the Board does not exclude any potential candidate based on gender, color of skin, ethnic origin, political affiliation, religious preference, or sexual orientation. The Board considers all qualified candidates in its search for the best persons to serve as directors. Should the election of the best available candidates result in women or persons of color being added to the Board of Directors, that would be entirely consistent with our objective of having the most qualified persons serve on the Board of Directors. The proposal of the Missionary Society encourages the Company to seek to identify candidates on the basis of race or gender. In such instances, the consideration of a prospective nominee’s experience and abilities are necessarily secondary.

The Board further wishes to correct the assertion in the Shareholder Proposal that the Board is comprised of five persons, “all of whom are white male”. We have not published such data nor are we aware of the criteria used to arrive at this conclusion. More specifically, Mr. Adams, Chairman and beneficial owner of 49% of the outstanding Common Stock qualifies and maintains “Tribal Citizenship Registration” with the Cherokee Nation. To hold such registration, an individual must be able to provide documents that connect him or her to an enrolled lineal ancestor who is listed on the (Dawes Roll) FINAL ROLLS OF CITIZENS AND FREEDMEN OF THE FIVE CIVILIZED TRIBES, Cherokee Nation with a blood degree. This roll was taken between 1899 – 1906 of the Citizens and Freedmen residing in Indian Territory (now NE Oklahoma). Mr. Adams was born in 1923 and is the son of a Dawes’ enrollee. The error in the assumptions premised by this Shareholder Proposal highlights the limits of using race or gender in the selection of future nominees to the Board. We support race and gender neutrality, and do not believe that the interests of the Company are served by favoring persons for nomination to the Board other than on the basis of their qualifications. The proposal is not in the best interests of the Company or its shareholders whose interests are better served by permitting the Board of Directors maximum flexibility to seek highly qualified directors.

The affirmative vote of a majority of the shares cast at the meeting is required to approve the proposal. If no voting specification is made on a properly returned or voted proxy card, Messrs. Adams and Webster (proxies named on the proxy card) will vote AGAINST the proposal described in this Item 3. Abstentions and broker non-votes will not be counted as either votes cast for or against the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS PROPOSAL REGARDING BOARD REPRESENTATION

DIRECTOR COMPENSATION

Directors who are not employees received cash compensation as presented in the table below. Director fees are based on a flat amount and are paid on a quarterly basis. Mr. Bell receives an additional flat amount paid on a quarterly basis for his service as the Audit Committee financial expert. Directors are also reimbursed for direct out-of-pocket expenses in connection with travel associated with meeting attendance. There were no stock awards, option awards, non-equity incentive plans, pension plans or other non-qualified deferred compensation or other forms of compensation during 2011.

The Non-Director Change in Control Agreements provide that in the event of a Change in Control of the Company (as defined) Messrs. Reinauer, Pressler, and Bell will be entitled to receive a lump sum cash payment of two (2) times such non-employee director’s annual director compensation fee. The Non-Director Change in Control Agreements terminate on December 5, 2014, subject to earlier termination if such director’s position on the Board of Directors is terminated for any reason other than as a result of (i) such director’s permanent disability or death, resignation or retirement, (ii) willful breach of duty by such director, (iii) any act of fraud or other conduct by such director which demonstrates gross unfitness for service, or (iv) such director’s conviction (or entry of plea of guilty, nolo contendere or the equivalent) for any crime involving moral turpitude, dishonesty or breach of trust or any felony which is punishable by imprisonment in the jurisdiction involved.

For purposes of the Non-Director Change in Control Agreements, a Change of Control shall be deemed to have occurred (i) if KSA Industries, Inc., Mr. Adams and the Estate of Nancy N. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2011 none of the members of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries, or was formerly an officer of the Company or any of its subsidiaries or had any relationship requiring disclosure by the Company during the year ended December 31, 2011. No executive officer of the Company served as a member of the Compensation Committee (or other board committee performing equivalent functions) of another entity that had an executive officer serving as a member of the Company's Board of Directors or the Compensation Committee.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Deloitte & Touche LLP performed the audit of the Company's consolidated financial statements for the year ended December 31, 2011. The scope and all fees associated with audit and other services performed by Deloitte & Touche LLP are pre-approved by the Audit Committee on an annual basis. The Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act has the responsibility to assist the Board of Directors in fulfilling its fiduciary responsibilities as to accounting policies and reporting practices of the Company and its subsidiaries and the sufficiency of the audits of all Company activities. This committee is the Board's agent in ensuring the integrity of financial reports of the Company and its subsidiaries, and the adequacy of disclosures to stockholders. The Audit Committee is the focal point for communication between other directors, the independent auditors and management as their duties relate to financial accounting, reporting and controls. The Audit Committee is also responsible for reviewing the financial transactions of the Company involving any related parties.

Audit Committee Pre-Approval Policies

The Audit Committee has established a policy intended to clearly define the scope of services performed by the Company's independent registered public accountants. This policy relates to audit services, audit-related services, tax and all other services that may be provided by the Company's independent registered public accountants and is intended to ensure that such services do not impair the auditor's independence. The policy requires the pre-approval by the Audit Committee of all services to be provided by the Company's independent registered public accountants. Under the policy, the Audit Committee will annually review and pre-approve the services that may be provided by the independent registered public accountants. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated is required to report to the Audit Committee at its next meeting any services that such member or members has approved. The policy also provides that the Audit Committee will pre-approve the fee levels for all services to be provided by the independent registered public accountants.

All of the services provided by the Company's principal accounting firm described in the table above were approved in accordance with this policy, and the Audit Committee has determined that the independent registered public accountants' independence has not been compromised as a result of providing these services and receiving the fees for such services as noted above.

REPORT OF THE AUDIT COMMITTEE

April 2, 2012

To the Board of Directors:

The Audit Committee of the Board of Directors currently consists of Messrs. Reinauer, Bell and Pressler. The duties and responsibilities of the Audit Committee are set forth in a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.adamsresources.com under Governance. Each member of the Audit Committee is independent, as defined in Section 121A of the listing standards of the NYSE Amex Exchange, and the board has determined that Mr. Bell is an "audit committee financial expert" as defined by the SEC.

We have reviewed and discussed with management the Company's audited consolidated financial statements as of and for the year ended December 31, 2011.

The Audit Committee received from and discussed with Deloitte & Touche LLP the written disclosure and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with the audit committee concerning independence. These items relate to that firm's independence from the Company. The Audit Committee has also discussed with Deloitte & Touche LLP the matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") AU Section 380, "Communication with Audit Committees," and Securities and Exchange Commission Regulation S-X, Rule 2-07. The Audit Committee monitored auditor independence, reviewed audit and non-audit services performed by Deloitte & Touche LLP and discussed with the auditors their independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

The information contained in the report above shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act or the Exchange Act, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

TRANSACTIONS WITH RELATED PERSONS

Mr. K. S. Adams, Jr., Chairman and Chief Executive Officer, and certain of his family limited partnerships and affiliates have participated as working interest owners with the Company's subsidiary, Adams Resources Exploration Corporation. Mr. Adams and such affiliates participate on terms no better than those afforded the non-affiliated working interest owners. In recent years, such related party transactions generally result after the Company has first identified oil and gas prospects of interest. Typically the available dollar commitment to participate in such transactions is greater than the amount management is comfortable putting at risk. In such event, the Company first determines the percentage of the transaction it wants to obtain, which allows a related party to participate in the investment to the extent there is excess available. In those instances where there was no excess availability there has been no related party participation. Similarly, related parties are not required to participate, nor is the Company obligated to offer any such participation to a related or other party. When such related party transactions occur, they are individually reviewed and approved by the Audit Committee comprised of the independent directors on the Company's Board of Directors. During 2011, such related party investment commitments totaled approximately \$24.6 million in those oil and gas projects where a related party was also participating in such investment. As of December 31, 2011, the Company owed a combined net total of \$58,000 to these related parties. In connection with the operation of certain oil and gas properties, the Company also charges such related parties for administrative overhead primarily as prescribed by the Council of Petroleum Accountants Society Bulletin 5. Such overhead recoveries totaled \$145,000 in 2011. A synopsis of each proposed transaction that involves a related party is presented to the Audit Committee for their review. Documentation of the Audit Committee's conclusions is noted in the Audit Committee minutes.

The Company also enters into certain transactions in the normal course of business with other affiliated entities. These transactions with affiliated companies are on the same terms as those prevailing at the time for comparable transactions with unrelated entities. For the year ended December 31, 2011 the affiliated entities charged the Company \$42,000 of expense reimbursement and the Company charged the affiliates \$118,000 for expense reimbursements.
